### Sleeping In His Arms

Hiccup smiled as Astrid mumbled in her sleep, she was just so adorable to watch when she wasn't kicking ass. They had stopped for a quick rest after a full night patrol around Berk, since last night they were informed that some of Drago's men were trying to invade the Berkian shorelines.

So after a full night of patrolling the area, Astrid couldn't take it anymore and fell asleep in Hiccup's arms as soon as they sat down on the grass. Holding Astrid in his arms, he leaned her head close to his shoulder and wrapped one of his hands around her waist while the other hand supported her side. Cradling her in his arms.

"You always push yourself too hard Astrid, you should have just left the patrolling to me and Fishlegs if you knew you would be this tired afterwards. Since Fishlegs is a night owl who likes the night time as much as a nocturnal creature." Hiccup chuckled as he pushed a piece of hair away from Astrid's face softly.

Astrid's breathing hypnotized Hiccup as he gazed at her soft lips in a trance, he could practically feel her warmth coming directly towards his lips as he felt his own breathing pattern mocking hers. As if their breathing had become one through Hiccup's transfixion on Astrid's lips.

"Hiccup...You dork...Why can't you let me help you all the time...I...Love...You..." Astrid mumbled as she snuggled closer to Hiccup's body as if he were her protection blanket.

In a soft reply Hiccup said to her, "Because I care about you too much to lose you. It's also because you always take after me and be reckless."

He smiled and leaned towards her forehead to kiss her softly, only to be thrown off guard when Astrid leaned her head up in time to catch Hiccup's lips instead. creating an unexpected soft and tender kiss, Hiccup's eyes grew wide and he became embarrassed with the situation that was happening until he finally melted in the kiss and went along with it.

Parting his lips away from hers, Hiccup smiled and sighed. "You are truly an interesting woman milady."

And for the rest of that day, Hiccup held Astrid in his arms as he watched the sunrise in the distance. Astrid peacefully sleeping in his arms.
